

2022 Impact Report

Driven by a Sense
of Community

From Our CEO

UWorld was founded on the principle of helping people achieve their educational and career goals. This has remained at the heart of our endeavors for over two decades, and is the reason for our company's existence. 2022 proved to be a challenging year for many, for a variety of reasons, and hardened our resolve to assist students in our local communities and around the world.

This begins with our commitment to the continual evolution of our online learning solutions trusted by the wonderful students, educators, and academic institutions we serve. It extends to the time, talent, and resources we have dedicated to advancing the light that education provides through UWorld Cares, the successes of which will be the focus of our 2022 Impact Report.

UWorld Cares had a very busy 2022, and we could not be prouder of everyone involved. This past year, we expanded our strategic partnerships and in-house operations to empower learners from all walks of life. Internally, we offered a multitude of internships to curious students seeking experience in entrepreneurship, STEM, and more. Externally, we made significant financial investments to raise up students so that they might reach their full potential.

Giving back and paying forward are staples of our company culture. UWorld truly cares, and it is our purpose to inspire future scholars everywhere. From the people we hire to the values we espouse, we want UWorld's legacy to be about those we help.

Chandra S. Pemmasani, M.D.
UWorld Founder & CEO

2022 UWorld Cares Impact

Inspired by our collective response to the pandemic, we focused on a sustainable approach to serving our community through UWorld Cares. Through this program, we strategically partner with community organizations that share our core values and empower our employees to engage.

\$3.4M+

Granted in product scholarships to aspiring accountants, lawyers, graduate school students, and financial professionals

600+ hours

Volunteered by UWorlders in their local communities

100,000+ youth

Served through in school and afterschool programming across Dallas/Fort Worth

Partner Spotlight: Dallas Afterschool

Dallas Afterschool is known for leveling the playing field for children of all races and economic backgrounds by increasing the availability of safe, high quality out-of-school time (OST) programming in Dallas County. Dallas Afterschool supports the OST sector, provides vital support, training, and resources to providers and staff, and helps parents find afterschool programs that meet their needs. Now in its 15th year, Dallas Afterschool works with over 180 afterschool and summer sites and 14,000 students.

UWorld's partnership allowed Dallas Afterschool to expand curriculum for various environmental science Wonder Kits®. Students will learn how to build ecosystems, design sustainable cities, create efficient water management systems, integrate the principles of green engineering, and incorporate workable disaster management solutions. Dallas Afterschool created and designed Wonder Kits® to fit the challenges and needs of OST programs. Inspired by curiosity, Wonder Kits® are easy-to-use Science, Technology, Engineering & Math (STEM) curriculum kits. Wonder Kits® are offered as a free service to Dallas Afterschool partner programs.

Partner Spotlight: Junior Achievement of Dallas

Junior Achievement of Dallas (JA Dallas) impacts the lives of students by teaching life skills in budgeting, careers, and business start-ups. JA Dallas' mission is to inspire and prepare young people to succeed in a global economy through volunteer-delivered curriculum. The organization has been in Dallas for more than 65 years and has reached over 1.5 million students. JA Dallas is committed to serving students in under-resourced areas to grow diversity, be more inclusive, and ensure students have equitable access to JA resources.

UWorld's partnership helped implement JA Finance Park Virtual; a state-of-the-art collaboration between Dallas-area school systems, businesses, educators, and volunteer mentors who come together to inspire, guide, and teach students how to be financially capable and ready to take on their futures.

Partner Spotlight: Girls Inc. of Metropolitan Dallas

Girls Inc. inspires all girls to be strong, smart, and bold through direct service and advocacy. Girls Inc. works with schools and in the community to provide mentoring relationships, safe spaces, and evidence-based programming that are proven to help girls succeed. Girls build the knowledge, skills, and confidence to lead change in their lives and effect change in the world.

UWorld's partnership with Girls Inc. of Metropolitan Dallas focuses on growing Eureka!, a 5-year, cohort-based, STEM-intensive program that empowers 8th-12th grade girls and encourages them to see themselves as part of the future STEM workforce. Eureka! strengthens girls' STEM and leadership skills, focuses on gender equity, and provides career development.

UWorld also opened their doors this past summer to three Eureka! interns to provide career development through job shadowing and internships. The girls worked in technology, medication education, cyber security, and more. Jae, an aspiring prenatal nurse had this to say about her experience, "This time at UWorld, with its new experiences and opportunities, has broadened my outlook on my future as an aspiring nurse. Because of UWorld, I truly believe that I can do or be anything."

Partner Spotlight: Boys & Girls Clubs

Boys & Girls Clubs enable all young people, especially those who need us most, to reach their full potential as productive, caring, responsible citizens. Programming in three core areas meets the diverse needs and interests of Club members. UWorld partnered with Dallas and Tarrant County to grow afterschool and summer programming aimed at reducing learning loss due to COVID-19, and high school graduation and career readiness initiatives.

UWorld had the privilege to present SAT test tricks and study tips to the teens at Boys & Girls Clubs of Greater Dallas' Collegiate STEPS program. Collegiate STEPS (Striving Towards Excellence Preparing for Success) is designed to help high school seniors overcome obstacles, improve college knowledge, and attend college. Collegiate STEPS involves mentoring juniors and seniors one-on-one by assisting them in navigating the college admissions process and helping them to apply for scholarships and financial aid.

Partner Spotlight: Communities In Schools

Communities In Schools (CIS) ensures every student, regardless of race, zip code, or socioeconomic background has what they need to realize their potential in school and beyond. CIS connects students to caring adults and community resources that help them see, confront, and overcome the barriers that stand between them and a brighter future.

UWorld's partnership with CIS Dallas and Tarrant County supports at-risk students through in-school academic tutoring, truancy prevention, mental health diagnostic services and individual counseling, basic-needs assistance, family referrals to community partners for rental and utility assistance, and translation services for students and families with limited English proficiency.

"UWorld has made a huge impact on our donation drives by continuously supporting us with a variety of supplies that help our students in need. During our first back-to-school drive since COVID, they were able to provide over 120 backpacks stuffed with school supplies. Our site coordinators let me know that some students were in disbelief that the items were truly for them. Recently, UWorld was one of the first donors to reach out to CIS Dallas to confirm their support of our holiday drive. The employees were so generous during this time of giving, and set up a beautiful collection station in the lobby of the office. Their donation allowed us to provide our kids with coats, socks, and other basic needs items for these upcoming colder months, and they were one of our biggest donors of the drive. The generosity from employees makes our students feel loved and valued around the holidays!"

Rubi Nava, Advancement Associate at CIS of the Dallas Region

Employee Engagement

Through UWorld Cares, employees had the chance to volunteer in their local communities and received matching donations to the organizations they care about most. In 2022, \$50,000 was donated across the country to more than 70 organizations and employees participated in campaigns in response to events happening around the world.

Ukraine Response

As a company made up of many nationalities, UWorld proudly stands in solidarity with the Ukrainian people during this time of crisis. To show our support, we provided over \$180,000 in product scholarships to Ukraine citizens and UWorld employees donated over \$10,000 to support humanitarian efforts.

India

Our UWorld India office spend a day at Shishu Mangal Orphanage preparing and serving lunch and dropping off essential supplies to help the site care for its children.

Product Scholarships

UWorld is proud to partner with students across our products to help them reach their educational and career dreams.

In 2022 we offered more than \$3.4M in product scholarships to the following:

We partner with the National Institute of Health to provide underrepresented students with access to our MCAT product suite

We cover exam fees and provide exam preparation for select students across the globe

We award full tuition to our CPA exam preparation to select students based on merit, extracurricular achievement, and financial need

We provide both significantly discounted tuition and free courses to students pursuing a career in the public interest sector

We partnered with our UWorld Cares organizations to provide all students served with access to our college prep suite of products
